## **DETAILED ACTION**

### **Claim Rejections - 35 USC § 102**

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action of October 14, 2005.

Claim 1-3, 5, 9, 10, & 14 rejected under 35 U.S.C. 102(b) as being anticipated by Hickie (US Patent No. 6,745,764). Please see prior Office action for details of the rejection.

### **Claim Rejections - 35 USC § 103**

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action of October 14, 2005.

Claim 7, 8, 11, 12, & 15 rejected under 35 U.S.C. 103(a) as being unpatentable over Hickie in view of Sobel (US Publication No. 20030216940). Please see prior Office action for details of the rejection.

Claims 4, 6, & 13 rejected under 35 U.S.C. 103(a) as being unpatentable over Hickie in view of Vatland (US Publication No. 20030212554). Please see prior Office action for details of the rejection.

### **Response to Arguments**

Applicant's arguments filed April 15, 2006 have been fully considered but they are not persuasive. Applicant asserts that "personalized message" is not disclosed by Hickie and further urges that "a personalized *message* should not be confused with *personal information*." However, Examiner maintains the stance that the personalized message is the specific information about the patient that is displayed on the display device from the inputs. Furthermore, the description provided in the specification states

“the personalized message having a ...word...[or] phrase...with which the patient is familiar especially one which has a personal association...” From this description, it is apparent that the patient information displayed on the display device would be a word or phrase with which is familiar and has a personal association to the patient. Thus, Hickie does anticipate a “personalized message,” as claimed.

### **Conclusion**

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL.** See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).
